

Company

MP3 Music Sorter Systems, Inc. was originally founded in 1994 and went a long way from the initial small one-man shop for data analyzing software to the file processing tools specialist, that it is today. In 1997 we changed our business focus on file processing software and development tools and introduced to the market:

MP3 Music Sorter

MP3 Music Sorter version 1.0 released in 1997, was the first tool that could process file storages with unlimited size, in one easy step. Combined with its straight-forward user interface and ease of use, the product became an immediate success. Today, MP3 Music Sorter is one of the best selling and most popular file sorting tools world-wide. The introduction of - .Net based - MP3 Music Sorter continues our mission to provide high quality file processing tools, and expands our presence in the file processing tools market. On MP3 Music Sorter is based a group of popular file organizing tools, including MP3 Music Sorter - leading MP3 music sorting solution for media collections of all types.
